

CALIFORNICATION From Hell

by David J. Stewart

"Marriage is honourable in all, and the bed undefiled: but whoremongers and adulterers God will judge." —Hebrews 13:4

We are living in dark days, when all the hordes of Hell are creeping out of the sewer. The new Cable TV series "Californication" is as lewd, immoral, perverted and as evil as can be—which is exactly why the public can't get enough of it. Hollywood not only commits the sin of adultery, but they also find pleasure in others who commit the same iniquity. *Romans 1:32*, "Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them."

1st John 5:19 states... "And we know that we are of God, and *the whole world lieth in wickedness.*" Proverb 14:9 tells us that, "Fools make a mock at sin..." Cable shows set the precedent for tomorrow's TV. Satan is using cable TV to DESENSITIZE the public, to the point where people will have little or no objection when mainstream TV is just as bad. The proof of what I say is the fact that the TV networks are always trying to see what they can get away with.

There is nothing innocent about showcasing sin to make money. 1st Timothy 6:10 warns us that *the love of money is the root of all evil.* Again, *Romans 1:32* warns that such sins are worthy of death... "Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them." What things? The Bible tell us what sins are worthy of death...

Romans 1:28-31, "And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient; Being filled with all unrighteousness, fornication, wickedness, covetousness, maliciousness; full of envy, murder, debate, deceit, malignity; whisperers, Backbiters, haters of God, despiteful, proud, boasters, inventors of evil things, disobedient to parents, Without understanding, covenantbreakers, without natural affection, implacable, unmerciful..."

Most people don't consider backbiting as a sin punishable by death, but God does! How about boasters? How about inventors of evil things; such as, gambling slot machines and abortion clinics? God hates those evil things. Woe unto America!

The main character of this mature pay-cable comedy smokes cigarettes, acts hung over, receives oral sex from a nun (inside a church), curses prolifically, talks in detail about oral sex, and appears in bed with a topless woman whose husband comes home and chases him out of the house—and that's just in the first few minutes of the pilot episode! The rest of the series follows much the same course, with lots of graphic sex, nudity (full female, partial male), uncensored swearing (including "f**k"), drinking, smoking, and drug use (some, briefly, by teens). The main character (an adult) also has sex with a teenager who he assumed was an adult. Tragically, the demented public loves it! ...

The critical reaction for Californication has been generally favorable, with a rating of 72 on [Metacritic](#). However there has been a backlash from conservative groups who oppose the explicit nature of the program [count me in as an opponent of the show!].

Californication has been criticised by conservative columnist Andrew Bolt in the Australian newspaper the Herald Sun, specifically the opening dream scene in the first episode where a nun performs oral sex on Hank Moody. The Australian Christian Lobby's managing director Jim Wallace also called for a boycott, not only of [Network Ten](#), but all advertisers who advertise during the show, in response to the scene in which Hank and another female were seen smoking marijuana, having sex, then throwing up.

David Duchovny heads up the cast in this comedy about a novelist with sex and drug addictions. The sad truth is that California in reality has one of the highest convicted sex-offender rates in the nation. The term *Californication* certainly is befitting to the granola state, i.e., the land of fruits and nuts. California is plagued with sexual immorality—having *Hollywood* (Hollyweird) as it's supreme symbol of whoredom and debauchery. I discovered some time ago that MANY of America's cults began and flourished in California. Whether it be homos, religious wackos, or immoral heathens—if that's your thing—head for California!

Californication is of the Devil, as are it's producers and viewers alike. It is a sin to make a joke of fornication, and to pretend to commit such sins on film for others to pleasure themselves with. In Matthew 5:28 Jesus condemned the sin of lust, saying that it was equally as sinful as actually committing adultery. Degenerate programs like *Desperate Housewives*, *Wife Swap* and *Californication* cause lasciviousness in the hearts of it's viewers. God will judge America! With [sexual perversion and immorality surrounding society](#) today, should it be surprising that [teenagers are walking around completely naked](#) in downtown America???!!! Should it be surprising that [Catholic priests are jogging naked](#)? Should it be surprising that *Planned Parenthood* recently reported a [record](#)

[number of abortions?](#) I think not. America is beginning to reap what she has sowed, and the fruits are deadly.

America has gone to the dust! The world's vilest heathens look to the United States to quench their never ending lust for wickedness. [Rhode Island is the latest state to go homosexual!](#) Very soon the federal government is going to mandate same-sex marriage just like Roe vs. Wade (1973) concerning abortion. At the time abortion became the law of the land, 37 states had already approved of it. It's just a matter of time, as more states go gay, that the U.S. Supreme Court idiots will rule on Proposition 8 and homosexual marriages will be legal nationwide. Same-sex marriages are already creating a hellish legal nightmare for the courts. Can you imagine two gay men fighting over child-support rights and alimony in court? It's happening! Homosexual men will be paying alimony to their spurned gay-lover for the rest of their life. It's weird, sick and unbelievable.

We are much worse today than the wicked cities of Sodom and Gomorrah could have imagined. They had no dirty magazines. They had no dirty movies. Sodom had no television. Oh!
